The Promise of Family Drug Treatment Courts

- We can **capitalize** on the **consequences** of a **petition** to intervene earlier in child maltreatment and the parent's "career" of substance abuse.
- More substance abusers will **enter** treatment **sooner** and stay **longer**.
- Highest level of **accountability** for the parent while ensuring the **safety and well-being** of the child.
- **Increased** reunification rates and **shorter** time to permanency.
- **Comprehensive** and **Unified** Case Planning to address a family's presenting problems and capitalize on their **strengths**.
